

Validation Result with lookupresult but without Status:

The screenshot shows the CDQ validation interface. On the left, the 'Validate Business Partner' form contains the following information:

- Name: SIEMENS
- Country: FR - France
- Street: (empty)
- City: (empty) Post code: (empty)
- Identifier: 535192

The 'Validation result' section shows a 'Validation Level' of 'Error' (indicated by a red bar) and 'No defects'. Under 'Data Defects', there are two entries:

- ERROR**: Identifier missing (Eu...)
- WARNING**: Identifier missing (SI...)

The network response in the browser's developer tools shows the following JSON structure:

```
